Hello dear brother, I hope you are good among your family and church.

In the name of the church in Managua, we express our deep gratitude for the great blessing we received from you.

We received \$1,000 that were distributed to families.

All of the brothers and sisters helped are somehow going through difficult times due to unemployment or financial hardship, therefore the aid arrives in proper time.

We always pray that you may be healthy, strong and faithful to the Lord, and that your heart may be filled with generosity to continue blessing others, as you have done so far.

In Christ,
